Subject: Conversation with Matt Vincent

Hi Mike,

FYI – I received a message last Friday from Matt Vincent, former CEO of Butte Silver Bow County, asking about the CFAC Site. I followed up with him via phone and we had a short conversation. He was thinking about how he may support/help the City of Columbia in the Superfund process and asked about the CLP group. I let him know that you were the RPM so he may follow up with you as well.

I sent him an email with links to the website and a copy of the draft CIP. I'll let you know if there is further follow up. Just wanted you to be aware.

Hope you enjoyed a good weekend!
